This includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **USING THIS ANNUAL REPORT**

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.

The Government-wide Financial Statement consists of a Cash Basis Statement of Activities and Net Position. This statement provides information about the activities of the City as a whole and presents an overview of the City's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the City's operations in more detail than the government-wide statement by providing information about the most significant funds.

Notes to Financial Statements provide additional information essential for a full understanding of the data provided in the basic financial statements.

Other Information further explains and supports the financial statements with a comparison to the City's budget for the year.

Supplementary Information provides detailed information about the General Fund, nonmajor governmental funds, proprietary funds and the City's indebtedness.

## **BASIS OF ACCOUNTING**

The City of North Liberty maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

## **REPORTING THE CITY'S FINANCIAL ACTIVITIES**

### *Government-wide Financial Statement*

One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Cash Basis Statement of Activities and Net Position reports information which helps answer this question.

The Cash Basis Statement of Activities and Net Position presents the City's cash basis net position. Over time, increases or decreases in the City's net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Cash Basis Statement of Activities and Net Position is divided into two kinds of activities:

- Governmental Activities include public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service and capital projects. Property taxes, tax increment financing and bond sale proceeds finance a significant portion of most of these activities.
- Business Type Activities include the water, sanitary sewer, and storm sewer utilities and utility deposits. These activities are financed primarily by user charges.

### *Fund Financial Statements*

The City of North Liberty has two kinds of funds:

- 1) Governmental Funds account for most of the City's basic services. These focus on how money flows into and out of those funds, and the balances at year-end that are available for spending. The governmental funds include: 1) the General Fund, 2) the Special Revenue Funds, such as Road Use Tax and Urban Renewal Tax Increment, 3) the Debt Service Funds, and 4) the Capital Projects Funds. The governmental fund financial statements provide a detailed, short-term view of the City's general government operations and the basic services

it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

The required financial statements for governmental funds include a statement of cash receipts, disbursements and changes in cash balances.

- 2) Proprietary Funds account for the City's enterprise funds. Enterprise funds are used to report business type activities. The City maintains four enterprise funds to provide separate information on the Water and Sanitary Sewer and Storm Water utility funds and the Utility Deposits fund.

The required financial statements for proprietary funds include a statement of cash receipts, disbursements and changes in cash balances.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of financial position. The City's cash basis net position for governmental activities decreased from a year ago, decreasing from approximately \$7,440,000 to \$4,578,000. The analysis that follows focuses on the changes in cash basis net position of governmental activities.

- Capital Projects – Street Capital Projects fund cash balance decreased by \$2,790,827 due to construction activity of several major projects.
- Highway 965 Improvements fund cash balance increased by \$19,344 due to proceeds from grants for project costs.
- Library Expansion fund cash balance decreased by \$483,704 due to ongoing project costs that were funded with bond and loan proceeds in the next fiscal year.

## **INDIVIDUAL MAJOR BUSINESS TYPE FUND ANALYSIS**

- The Water Enterprise Fund cash basis net position increased \$249,203 to \$1,108,303, due to an increase in the sale of water over the prior year and an increase in the water rates at the end of June 2012.
- The Sewer Enterprise Fund cash basis net position increased \$491,856 to \$1,951,664 due to an increase in sales and an increase in sewer rates.

- The Utility Deposit Enterprise Fund cash basis net position increased \$51,267 to \$473,826 due to deposits received exceeding deposit refunds paid out.

## BUDGETARY HIGHLIGHTS

Over the course of the year, the City amended its budget once. The amendment was approved on June 11, 2013 and resulted in an increase in operating disbursements of approximately \$2,000,000 due to numerous unplanned expenses including increased garbage fees, additional capital projects, increased electric costs and group insurance midyear changes that were not anticipated when the budget was created, and additional other unexpected expenses. The City had sufficient cash balances to absorb these additional costs.

The actual disbursements for the year were less in all categories than budgeted except in Health and Social Services where the disbursements exceeded the amended budgeted amount by \$4,150 and Debt Service where disbursements exceeded the amended budget amount by \$44,450. This was due to disbursements for health and social service expenses that were not known or anticipated when the budget was amended. Debt Service overage was due to additional bonding fees not contemplated during the budget amendment. Capital project disbursements were almost \$3,000,000 less than budgeted due to delay of projects in construction.

## DEBT ADMINISTRATION

At June 30, 2013, the City had \$42,050,000 in bonds and long-term debt compared to \$43,989,000 last year, as shown below.

|                                 | Outstanding Debt at Year-End<br>(Expressed in Thousands) |                 |

| Rural Economic Development loan | 360  | 0               |

| <b>Total</b>                    | <b>\$42,050</b>  | <b>\$43,989</b> |

Debt decreased as a result of existing debts being retired in excess of new debt incurred.

The City of North Liberty continues to carry a Moody's bond rating of Aa3 assigned by national rating agencies to the City's debt. The constitution of the State of Iowa limits the amount of general obligation debt cities can issue to 5% of the assessed value of all taxable property within the City's corporate limits. The City's outstanding general obligation debt of \$24,251,000 at June 30, 2013 is significantly below its constitutional debt limit of approximately \$53 million.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

North Liberty City's elected and appointed officials considered many factors when setting the fiscal year 2014 budget, tax rates, and fees charged for various City activities. Economic indicators such as unemployment, tax base growth, rollback increase were taken into account when adopting the budget for fiscal year 2014. Fiscal year 2014 is a busy year for capital projects. The City has added a Rental Inspection Program to the fiscal year 2014 budget. If all of the budget estimates are realized, the City's budgeted cash balance is expected to remain relatively steady in the upcoming fiscal year.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of North Liberty, Iowa is a political subdivision of the State of Iowa located in Johnson County. It was first incorporated in 1913 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a nonpartisan basis. The City provides numerous services to citizens including public safety, public works, health and social services, culture and recreation, utilities for its citizens, community and economic development, and general government services.

#### A. Reporting Entity and Jointly Governed Organizations

For financial reporting purposes, the City of North Liberty, Iowa has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and 1) the ability of the City to impose its will on that organization or 2) the potential for the organization to provide specific benefits or impose specific financial burdens on the City. The City has no component units which meet the Governmental Accounting Standards Board criteria.

The City also participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is not ongoing financial interest or responsibility by the participating governments. The City and its officials are members of various jointly governed organizations, including the Johnson County Assessors Conference Board, Johnson County Joint E911 Service Board, Metropolitan Planning Organization of Johnson County, East Central Iowa Council of Governments, and the Johnson County Compensation Board.

#### B. Basis of Presentation

*Government-wide Financial Statement* - The Cash Basis Statement of Activities and Net Position (previously referred to as net assets) reports information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from this statement. Governmental activities, which are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for services.

The Cash Basis Statement of Activities and Net Position presents the City's nonfiduciary net position. Net position is reported in the following categories/components:

*Nonexpendable restricted net position* is subject to externally imposed stipulations which require the cash balance to be maintained permanently by the City. The City has no net position required to be reported in this category.

*Expendable restricted net position* results when constraints placed on the use of cash balances are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net position* consists of cash balances that do not meet the definitions of the preceding categories. Unrestricted net position often has constraints on resources imposed by management, which can be removed or modified.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Cash Basis Statement of Activities and Net Position demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest on investments restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program receipts are reported instead as general receipts.

*Fund Financial Statements* - Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax receipts and other receipts not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid from other funds.

#### Special Revenue:

The Road Use Tax Fund is used to account for the road use tax allocation from the State of Iowa to be used for road construction and maintenance.

The Urban Renewal Tax Increment Fund is used to account for urban renewal projects financed by tax increment financing.

#### Debt Service:

The Debt Service Fund - General Obligation Debt Fund is utilized to account for the payment of interest and principal on the City's general long-term debt.

The Debt Service Fund - Road Use Tax Bond Reserve Fund is utilized to account for the required reserve fund that must be maintained in accordance with the terms of the City's road use tax revenue bonds.

#### Capital Projects:

The Capital Projects Fund - Street Capital Projects Fund is used to account for significant street improvement projects (other than specific street capital project funds) that are financed primarily by proceeds from the sale of general obligation or road use tax revenue bonds.

The Capital Projects Fund - Hwy 965 Improvements Fund is used to account for improvements to the main arterial highway through the City.

The Capital Projects Fund - Library Expansion Fund is used to account for the significant expansion project to the North Liberty Community Library.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City reports the following major proprietary funds:

The Water Enterprise Fund accounts for the operation and maintenance of the City's water system.

The Sewer Enterprise Fund accounts for the operation and maintenance of the City's waste water treatment and sanitary sewer system.

The Utility Deposits Fund accounts for the receipt of utility service deposits received from the City's water and sewer customers. Deposits are refunded to customers when they no longer receive water and sewer service from the City.

#### C. Measurement Focus and Basis of Accounting

The City maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with accounting principles generally accepted in the United States of America.

Under the terms of grant agreements, the City funds certain programs with a combination of specific cost-reimbursement grants, categorical block grants and general receipts. Thus, when program disbursements are paid, there are both restricted and unrestricted cash basis net position available to finance the programs. Generally, it is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then with general receipts.

When a disbursement in governmental funds can be paid using either restricted or unrestricted resources, the City's policy is generally to first apply the disbursement toward restricted fund balance and then to less-restrictive classifications - committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating receipts and disbursements from nonoperating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as nonoperating receipts and disbursements.

#### D. Governmental Cash Basis Fund Balances

In the governmental fund financial statements, cash basis fund balances are classified as follows:

Nonspendable - Amounts which cannot be spent because they are legally or contractually required to be maintained intact.

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors, or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Committed - Amounts restricted to use as a result of formal action of the Council and generally based on the occurrence of a specific event.

Assigned - Amounts the Council intends to use for specific purposes.

Unassigned - All amounts not included in the preceding classifications.

The proceeds from the sales of the bonds shall be expended only for purposes which are consistent with the plans of the City's urban renewal areas. The bonds are not a general obligation of the City, however, the debt is subject to the constitutional debt limitation of the City. At June 30, 2013, the outstanding balances on these bonds totaled approximately \$17,515,000, which are payable through June 1, 2026. Early Redemption of Bonds

On November 12, 2012, the City called the Water Revenue Series 2001 bonds, with interest rates ranging from 3.0% to 5.3%, for early redemption. The City issued \$1,575,000 of Water Revenue Refunding Series 2012C bonds, with interest rates ranging from 0.5% to 2.0%, to pay for the early redemption of the bonds. ## CITY OF NORTH LIBERTY, IOWA

### Notes to Other Information - Budgetary Reporting

June 30, 2013

The budgetary comparison is presented in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon nine major classes of disbursements known as functions, not by fund or fund type. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities. Function disbursements are required to be budgeted for all funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, one budget amendment increased budgeted disbursements by \$4,133,214. The budget amendment is reflected in the final budgeted amounts.

During the year ended June 30, 2013, disbursements in the health and social services and debt service functions exceeded the amounts budgeted.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and  
Members of the City Council  
City of North Liberty  
North Liberty, Iowa

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of North Liberty, Iowa, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 21, 2014. Our report expressed unmodified opinions on the financial statements which were prepared on the basis of cash receipts and disbursements, a basis of accounting other than accounting principles generally accepted in the United States of America.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of North Liberty, Iowa's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of North Liberty, Iowa's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of North Liberty, Iowa's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of North Liberty, Iowa's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance and other matters which are described in Part III of the accompanying Schedule of Findings and Responses.
